Additional Charges

The Additional Charges set out in the attached table will be added as applicable to the Service Rates charged by Star Track Express Pty Ltd ("StarTrack") for the provision of Services by StarTrack. The application of the Additional Charges must be read in conjunction with the StarTrack Terms and Conditions and other documents comprised in your Services Agreement. The Additional Charges are further described below. Other capitalised terms used in this document have the meaning set out in the StarTrack Terms and Conditions.

1. Service Rates and Additional Charges

- The Service Rates will be invoiced and paid in the manner set out in the StarTrack Terms and Conditions.
- All applicable Additional Charges will be added to the Service Rates invoiced to you and are payable in the same manner.
- The Service Rates and Additional Charges may be reviewed and adjusted by StarTrack in the manner set out in the StarTrack Terms and Conditions, and you will be given at least 30 days' notice of the amount of the adjustment and the date on which the adjustment will take effect.

2. Fuel Surcharge

A variable fuel surcharge will be levied on delivery charges. This surcharge is varied on a monthly basis and set out on our website: <https://startrack.com.au/pricing-updates> and in your invoices.

3. Security Management Charge

The Security Management Charge will be applied to all Premium, Next Flight and International services.

4. Manual Handling Surcharge

- The Manual Handling Surcharge will apply to any Goods that we assess as requiring manual handling. Goods to which the surcharge applies will include, but is not limited to:

Road Express Services

- Goods that exceed any of the following dimensions:
 - length of 117cm
 - width of 60cm
 - height of 60cm, or
 - 20kg in dead weight.
- Anything packed in a drum, tube, cylinder or wooden crate, flat packs, or Goods containing liquids, nails, magnets, or glass.
- Goods packed in satchels or other non-rigid packaging.

Premium Services

- Items that exceed any of the following dimensions:
 - length of 100cm
 - width of 60cm, or
 - 22kg in dead weight.
 - Flat packs (with a width of less than 50mm), Goods containing liquids or glass, cylindrical tubes, and items likely to roll off conveyor belts.
- Freight consigned to us on pallets or skids (and for delivery on pallets or skids) will not attract the Manual Handling Surcharge. Where pallets or skids contain incompatible items and we are required to deliver those items individually, the surcharge will apply to each incompatible item on the pallet or skid.
 - Weights and dimensions will be based on those declared by you unless we measure and assess otherwise.
 - The Manual Handling Surcharge doesn't apply to items where the Oversize Charge is applied.

5. Oversize Charge

- The Oversize Charge will apply to any Goods that exceed the specified weight or dimension set out in the attached table. It applies to all Services excluding Courier Services.
- Applicable Oversize Charges aren't cumulative for an individual item. Where two or more charges may apply, only the greater amount will be charged.
- Weights and dimensions will be based on those declared by you unless we measure and assess otherwise.
- The Oversize Charge will be applied to items instead of the Manual Handling Surcharge for items falling within the oversize ranges listed.

6. Unmanifested Fee

The Unmanifested Fee will be automatically applied per Item if, at the time of pick-up, a digital manifest giving details of the Goods we have collected has not been received.

7. Manual Consignment Notes

The Manual Consignment Note (CN) charge will be applied per consignment to all Goods which are consigned with a manual CN or with no CN.

8. Futile Pick-Ups

The Futile Pick-up charge will be applied when a driver has attempted the pick-up of a consignment or consignments but is unable to perform the pick-up due to a change in the original pick-up requirement, including when the supplied vehicle is prevented from being able to perform the pick-up.

9. Futile Deliveries

If the first delivery attempt is futile and the consignment is returned to a StarTrack depot, the Futile Delivery charge will be charged at your quoted local delivery rate. If no local delivery rate has been found for the specific depot, the largest local delivery rate will be used of any other depot. A basic plus per kg charge will apply if no local rates have been quoted. The Futile Delivery charge is set out in the attached table. A cubic factor of 250 kilograms per cubic metre will also apply.

10. Next Flight Cancellation or Downgrade

The Next Flight Cancellation or Downgrade charge will apply:

- in the case of a Next Flight booking cancellation, if the driver has already been despatched for pick-up at the time of the cancellation, and
- in the case of a Next Flight booking downgrade, if the request to downgrade to another service is made after the goods have already been picked up, in addition to the freight charges for the new service, and
- in the case of a Next Flight futile pick-up or Next Flight futile delivery.

11. Overweight Fixed Price Premium Consignments

- Consignments will be charged at your quoted weight break, based on the applicable rate for the chargeable weight. Where a chargeable weight exceeds the maximum weight break quoted, it will be charged at your maximum weight break, plus an additional charge per kg thereafter as specified in the attached table.

12. Over-filled and Undeclared Fixed Price Premium Satchels and Cartons

- The following are the maximum volumes of Goods permitted in each of our supplied Fixed Price Premium (FPP) satchel consignments:
 - S (small): <0.009 m³
 - M (medium): <0.017 m³
 - L (large): <0.035 m³
- Where we measure and assess that you have over-filled our FPP satchels, and/or undeclared the weight of Goods packaged in your own satchels, cartons, or other packaging, we may:
 - charge you the rate applicable to the relevant satchel size of the Goods consigned, for Goods up to 5kg
 - charge you the rate applicable to the relevant carton size or weight of the Goods consigned, for Goods 5kg or over, or
 - charge you the rate applicable to the relevant weight of the Goods consigned, for Goods packaged in your own satchels, cartons, or other packaging.

References to "weight" in this paragraph are to either the Dead Weight or the Cubic Weight of the Goods, whichever is the greater.

- Where Goods have been declared as a FPP satchel, but are either found to be a carton, or are found to have a volume of greater than 0.035m³, then we may charge you the rate applicable to the relevant FPP carton.

13. Premium Satchel Re-deliveries or Returns

The Premium Satchel Re-delivery or Return charge will apply to futile deliveries of Premium Satchels, in addition to the Premium Satchel rate.

14. Return to Australia Post Office or Business Hub

For Premium Services, if the first delivery attempt is futile, the consignment will be left at the nearest Post Office for collection by the receiver. For Road Express consignments to residential addresses, if the location resides in an Australia Post Business Hub catchment area, futile deliveries may be returned to a Business Hub for collection by the receiver. An additional charge per consignment will apply for these services.

19. Administration and Other Charges
